- 4.7 When the Client enters into a Contract Option with STARTRADER Limited, STARTRADER Limited will act as counterparty to the Client. STARTRADER Limited will enter into a contract with a Counterparty which is identical in all respects to the contract between STARTRADER Limited and the Client. The Counterparty will in turn enter into a contract on the relevant exchange (unless Market Rules requires the Counterparty to act as STARTRADER Limited's agent in which case STARTRADER Limited will enter into a contract on the exchange). - STARTRADER Limited is unable to calculate prices in the relevant Contract due to the unavailability of the relevant market information.

STARTRADER Limited informs the Client of the withdrawal and the reasons for it, where possible, before the withdrawal and if this is not possible immediately thereafter, unless giving such information would compromise objectively justified security reasons;

4.8.8 STARTRADER Limited. reserves a right to raise commission on withdrawal up to 4.5% in case there is insufficient trading activity between last deposits and withdraw request.

4.9 Normally STARTRADER Limited shall not provide any advice to the Client on any tax issues related to any Services. The Client is advised to obtain individual independent counsel from its financial advisor, auditor or legal counsel with respect to tax implications of the respective Services.

5. Dealings between STARTRADER Limited and the Client

- 5.1 The Client may provide STARTRADER Limited with written instructions (which shall include instructions provided via the internet or by e-mail as described below). STARTRADER Limited shall acknowledge the reception of the instructions in writing, as appropriate.
- 5.2 The Client shall inform STARTRADER Limited in writing of the persons the Client has granted a Power of Attorney to instruct STARTRADER Limited on behalf of the Client. For practical reasons, STARTRADER Limited can only undertake to register one Power of Attorney for the Client. If the Client at any time wishes to revoke such a Power of Attorney, to change the extent of the Power of Attorney, or grant Power of Attorney to a different person this shall also be informed to STARTRADER Limited in writing. STARTRADER Limited is in accordance with general rules regarding Power of Attorneys entitled to receive instructions from any person authorized by the Client as well as persons who appear authorized.
- 5.3 In addition to the terms listed on STARTRADER Limited's website and the terms stated in Section 6 regarding the Trading Platform, the following terms apply to Contracts executed on the internet:
- 5.3.1 STARTRADER Limited shall not undertake the risk towards Clients for any loss, expense, cost or liability suffered or incurred by the Client due to failure of the system, transmission failure or delays or similar technical errors unless STARTRADER Limited has exercised gross negligence in connection herewith, notwithstanding Clause 6.9;
- 5.3.2 STARTRADER Limited may offer real-time tradable prices to the Client. Due to delayed transmission between the Client and STARTRADER Limited the price offered by STARTRADER Limited may have changed before an order from the Client is received by STARTRADER Limited. If automatic order execution is offered to the Client, STARTRADER Limited shall be entitled to change the price on which the Client's order is executed to the market value at the time at which the order from the Client was received;
- 5.3.3 Prices offered by STARTRADER Limited regarding the sale, purchase or exercise of Contract Options reflect the price of the relevant exchange traded product.

Due to delays from the Client's execution of an order or instruction regarding a Contract Option to the execution of the relevant exchange traded product on the exchange, the price as listed on the Trading Platform is subject to change, in order for the Contract Option to reflect the price of the relevant exchange traded product at the time of its execution or exercise (as applicable);

- 5.3.4 The Trading Platform may be available in several versions, which may be differentiated in various aspects including, but not limited to the level of security applied, products and services available etc. STARTRADER Limited shall not be liable to the Client for any loss, expense, cost or liability suffered or incurred by the Client due to the Client using a version different from STARTRADER Limited's standard version with all available updates installed;
- 5.3.5 The Client shall be responsible for all orders, and for the accuracy of all information, sent via the internet using the Client's name, password or any other personal identification means implemented to identify the Client;
- 5.3.6 The Client is obliged to keep passwords secret and ensure that third parties do not obtain access to the Client's trading facilities;
- 5.3.7 If the Trading Platform is used for Commercial use the Client is liable to STARTRADER Limited for Contracts executed by use of the Client's password even if such use might be wrongful;
- 5.3.8 Regardless of the fact that the Trading Platform might confirm that a Contract is executed immediately when the Client transmits instructions via the Trading Platform, it is the Settlement/Trade Confirmation forwarded by STARTRADER Limited or made available to the Client on the Trading Platform which solely constitutes STARTRADER Limited's confirmation of execution.
- 5.4 Any instruction sent via the Trading Platform or by e-mail by the Client shall only be deemed to have been received and shall only then constitute a valid instruction and/or binding Contract between STARTRADER Limited and the Client when such instruction has been recorded as executed by STARTRADER Limited and confirmed by STARTRADER Limited to the Client through the Settlement/Trade Confirmation and/or Account Statement, and the mere transmission of an instruction by the Client shall not constitute a binding Contract between STARTRADER Limited and the

Client.

- 5.5 The Client shall promptly give any instructions to STARTRADER Limited, which STARTRADER Limited may require. If the Client does not give such instructions promptly, STARTRADER Limited may, at its reasonable discretion, take such steps at the Client's cost, as STARTRADER Limited considers necessary or desirable for its own protection or the protection of the Client. This provision is similarly applicable in situations when STARTRADER Limited is unable to obtain contact with the Client.
- 5.6 If the Client does not provide STARTRADER Limited with notice of its intention to exercise an option, a Contract Option or another Contract which requires an instruction from the Client at the time stipulated by STARTRADER Limited, STARTRADER Limited may treat the option or Contract as abandoned by the Client. If the Client wishes to exercise an option, Contract Option or another Contract, the Client must provide STARTRADER Limited with notice thereof in reasonable time (and within applicable cut-off times) for STARTRADER Limited to exercise the corresponding right under any contract equivalent to the Contract Option that STARTRADER Limited has entered into with any Counterparty. Contract Options (put and call) that close one tick or more in the money on the last trading day will automatically be exercised, regardless of whether the Client has purchased or sold the Contract Option. The Client cannot instruct STARTRADER Limited not to exercise Contract Options that are in the money at expiry and cannot at any time instruct STARTRADER Limited to exercise Contract Options that are out of the money.
- 5.7 STARTRADER Limited applies a random method of assignment among its Clients' Contract Options when STARTRADER Limited is notified by its Counterparties that one or more short option positions have been assigned. STARTRADER Limited's allocation method randomly selects short Contract Options among all STARTRADER Limited's Clients' positions, including Contract Options opened immediately prior to the assignment. All short Contract Options are liable for assignment at any time. If a short Contract Option is assigned, the Client is obliged, within the applicable time of delivery, to deliver the relevant amount of cash or assets in the case of a call Contract Option and the relevant amount of cash in the case of a put Contract Option, to effect settlement.
- 5.8 STARTRADER Limited may (but shall not in any circumstances be obliged to) require

confirmation in such form as STARTRADER Limited may reasonably request if an instruction is to close an Account or remit money due to the Client or if it appears to STARTRADER Limited that such confirmation is necessary or desirable.

- 5.9 Pursuant to general rules regarding power of attorney the Client is accountable to STARTRADER Limited for losses which STARTRADER Limited may suffer as a result of instructions from a person who has explicitly or tacit power of attorney to give STARTRADER Limited instructions on behalf of the Client.
- 5.10 STARTRADER Limited reserves the right in its absolute discretion to cancel, unwind, close out, repair, reinstate or take other action it may deem necessary with respect to open or closed trades of Client or instructions from the Client where the trades executed or instructions submitted would be in violation of, but not limited to, the Agreement, securities markets legislation, usual market practices, legislation on money laundering or insider trading or if the Client is using or has otherwise engaged proprietary or third party malicious and manipulative software or plugins or general trading style that in STARTRADER Limited's, its eligible counterparties' or liquidity providers' view, has the actual, suspected or potential nature of breaching the Agreement or relevant securities markets legislation or STARTRADER Limited believes that to execute its absolute discretion with the regards to the above matters is necessary to protect its own interests, or the interests of its Clients.
- 5.11 In general, STARTRADER Limited shall act according to instructions as soon as practically possible and shall, as far as trading instructions are concerned, act consistent with the broker's Best Execution Policy. However, if after instructions are received, STARTRADER Limited believes that it is not reasonably practicable to act upon such instructions within a reasonable time, STARTRADER Limited may defer acting upon those instructions until it is, in STARTRADER Limited's reasonable opinion, practicable to do so or as soon as possible notify the Client that STARTRADER Limited is refusing to act upon such instructions.
- 5.12 It is possible that errors may occur in the prices of transactions quoted by STARTRADER Limited. In such circumstances, without prejudice to any rights it may have, STARTRADER Limited shall not be bound by any Contract which purports to have been made (whether or not confirmed by STARTRADER Limited) at a price which:

- i STARTRADER Limited is able to substantiate to the Client was manifestly incorrect at the time of the transaction; or
- ii Was, or ought to have reasonably been known by the Client to be incorrect at the time of the transaction. In which case STARTRADER Limited reserves the right to either
 - cancel the trade all together or
 - Correct the erroneous price at which the trade was done to either the price at which STARTRADER Limited hedged the trade or alternatively to the historic correct market price.

5.13 Trading strategies aimed at exploiting errors in prices and/or concluding trades at off-market prices (commonly known as "sniping") are not accepted by STARTRADER Limited. Provided that STARTRADER Limited can document that there on the time of the conclusion of the trade were errors in prices, commissions, or in the Trading Platform, and provided STARTRADER Limited can render probable that the Client, based on its trading strategy or other provable behavior, deliberate and/or systematically has exploited or attempted to exploit such an error, STARTRADER Limited is entitled to take one or more of the following countermeasures:

- i adjust the price spreads available to the Client;
- ii restrict the Client's access to streaming, instantly tradable quotes, including providing manual quotation only;
- iii retrieve from the Client's account any historic trading profits that STARTRADER Limited can document have been gained through such abuse of liquidity at any time during the client relationship; and/or
- iv Terminate the client relationship immediately by giving written notice.

5.14 If the Client is more than one person (for example, joint accountholders):

- i the liabilities of each such person shall be direct, joint and several;
- ii STARTRADER Limited may act upon instructions received from anyone person who is, or appears to STARTRADER Limited to be, such a person, whether or not such person is an Authorized Person;

- iii any notice or other communication provided by STARTRADER Limited to one such person shall be deemed to have been provided to all such persons; and
 - iv The rights of STARTRADER Limited under Clause 20 shall apply if an event described in Clause 20 shall be deemed to have occurred in respect of any one of such persons.
- 5.15 The Client agrees that STARTRADER Limited may record all telephone conversations, internet conversations (chat), and meetings between the Client and STARTRADER Limited and use such recordings, or transcripts from such recordings, as evidence towards any party (including, but not limited to, any regulatory authority and/or court of law) to whom STARTRADER Limited at its reasonable discretion sees it to be desirable or necessary to disclose such information in any dispute or anticipated dispute between STARTRADER Limited and the Client. However, technical reasons may prevent STARTRADER Limited from recording a conversation, and recordings or transcripts made by STARTRADER Limited will be destroyed in accordance with STARTRADER Limited's normal practice. Consequently, the Client should not rely on such recordings to be available.
- 5.16 When the Client instructs STARTRADER Limited to enter into a position opposite to one or more of the Client's open positions, STARTRADER Limited will close out the opposite position in accordance with the FIFO principles unless the position has related orders or otherwise agreed.
- 5.17 The Client acknowledges that STARTRADER Limited has the right to, but not the obligation to close directly opposite positions. This applies not only when the positions are held on the same account, but also when they are held on separate accounts.
- 5.18 If the Client operates several Accounts (or subaccounts) and opposite positions are opened on different Accounts (or sub-accounts), STARTRADER Limited shall not close out such positions. The Client is specifically made aware that unless closed manually, all such positions may be rolled over on a continuous basis and thereby consequently all incur a cost for such roll-over.

6. Special Note on the Use of the Trading Platform

- 6.1 The technical requirements to which the Client's IT equipment, operating system, Internet connection etc. shall conform are described on STARTRADER Limited's website.
- 6.2 The Client shall enter his user ID and password when logging on to the Trading Platform. The Client should memorize the password. The Client is obligated to notify STARTRADER Limited without undue delay on becoming aware of unauthorized use of the Trading Platform, or if the Client suspects that the password has been misappropriated by a third party, the Client shall contact STARTRADER Limited immediately to block his Trading Platform. The Client can then order a new password. The Client is for a period of 18 months after notification entitled to request STARTRADER Limited to provide the Client with the means to prove that he made such notification.
- 6.3 The Client can block his Trading Platform at any time by contacting STARTRADER Limited. Blocking the Trading Platform prevents other persons from accessing it. Open orders and positions placed on the platform before the blocking will not be affected by the blocking unless the Client specifically requests so, and the Client is responsible for deciding about his positions.
- 6.4 The right to use the Trading Platform is personal, and the Client shall not allow other persons to use his user ID and/or his password. If the Client wants to allow a third party to trade on the Client's account, the Client shall issue a separate power of attorney to the relevant third party. The power of attorney shall be written on one of STARTRADER Limited's power of attorney forms. The issue of the power of attorney shall be approved by STARTRADER Limited.
- 6.5 From the Trading Platform the Client can print reports on trading activities and his account balances.
- 6.6 Where the Client has placed an order which he subsequently regrets, the Client may request that the order be cancelled up until the time of execution. The Client is aware that STARTRADER Limited is under no obligation to cancel the order. A request for cancellation or an order can be made via the Trading Platform or by calling STARTRADER Limited Sales Trading. Requests concerning cancellation of

orders generated when the margin is exceeded can only be made to STARTRADER Limited Sales Trading. An order shall not be considered to be cancelled until the Client has received a written confirmation from STARTRADER Limited.

- 6.7 The Client shall not be liable for unlawful use of the Trading Platform occurring after the Client has informed STARTRADER Limited.
- 6.8 Where the Trading Platform is used for Private Use, STARTRADER Limited shall be liable for direct losses resulting from defectively executed orders, unless defectively executed order is due to conditions for which the Client is liable. STARTRADER Limited shall not be liable for any indirect losses.
- 6.9 STARTRADER Limited shall not be liable for losses in cases of abnormal and unforeseeable circumstances beyond the control of STARTRADER Limited pleading for the application of those circumstances, the consequences of which would have been unavoidable despite all efforts to the contrary.
- 6.10 If the Trading Platform is used for Commercial use STARTRADER Limited shall not be liable for any indirect losses and/or losses resulting from:
- i Operational failures preventing the use of the Trading Platform;
 - ii Interruptions preventing the Client from accessing the Trading platform;
 - iii Use of the Internet as a means of communication and transport;
 - iv Damage caused by matters relating to the Client's own computer systems.

STARTRADER Limited shall be entitled to add a mark-up to the exchange rates. The prevailing mark-up is defined in the Commissions, Charges & Margin Schedule.

- 12.1. - 12.2. If the Client fails to fulfill any obligation under this Agreement, STARTRADER Limited is entitled to sell any pledged Security immediately without any notice or court action. Such sale shall take place by the means that STARTRADER Limited in its reasonable discretion determines and at the price that STARTRADER Limited in its reasonable discretion determines to be the best obtainable.

13. Netting Agreement

- 13.1. If on any date the same amounts are payable under this Agreement by each party to the other in the same currency, then, each party's obligations to make payment of any such amount will be automatically satisfied by netting. If the amounts are not in the same currency, the amounts are converted by STARTRADER Limited in accordance with the principles referred to in Clause 11.
- 13.2. If the aggregate amount that is payable by one party exceeds the aggregate amount that is payable by the other party, then the party by whom the larger aggregate amount is payable shall pay the excess to the other party and the obligations to make payment of each party will be satisfied and discharged.
- 13.3. If the Client, at any time during the Client relationship, has a negative cash-balance in any Account, STARTRADER Limited is entitled but not obligated to net between the Client's Accounts. The Client shall bear all the charges and any other costs associated with such netting in accordance with the Commissions, Charges & Margin Schedule.
- 13.4. If the Client relationship is terminated according to Clause 24, the claims that the parties have against each other shall be finally discharged by means of netting (closed). The value of open Contracts shall be determined according to the principles set forth below and the final amount to be paid by one of the parties shall be the difference between the payment obligations of the parties.
- 13.5. Rates based on which the Contracts shall be closed shall be market rates applicable on the day on which STARTRADER Limited decides to close the Contracts.
- 13.6. STARTRADER Limited may at its reasonable discretion determine the rates by obtaining an offer from a Market Maker in the asset in question or by applying rates from electronic financial information systems.
- 13.7. When determining the value of the Contracts to be netted,

STARTRADER Limited shall apply its usual spreads and include all costs and other charges.

- 13.8. This netting agreement shall be binding towards the estate and creditors of the parties to the client relationship.

14. Market Making

- 14.1. When STARTRADER Limited executes orders as Agent for the Client on a recognized stock or futures exchange, STARTRADER Limited will not be a party to such a trade as such orders will be executed in the trading system of the relevant exchange at the best price and the most favorable conditions available at the time of the order or according to the Client's specific instructions, e.g. in a situation where the Client has chosen to limit the order. STARTRADER Limited will not include any additional spread in the price of the execution achieved for the Client but will be remunerated according to the Commissions, Charges & Margin Schedule.
- 14.2. The Client is specifically made aware that in certain markets, including the foreign exchange markets, OTC foreign exchange options and CFD Contracts, STARTRADER Limited may act as a Market Maker.
- 14.3. When acting as a Market Maker, STARTRADER Limited will under normal market circumstances quote the Client bid and ask prices.
- 14.4. In order for STARTRADER Limited to quote prices with the swiftness normally associated with speculative trading, STARTRADER Limited may have to rely on available price or availability information that may later prove to be faulty due to specific market circumstances, for instance, but not limited to, lack of liquidity in or suspension of an asset or errors in feeds from information providers or quotes from Counterparties. If so and if STARTRADER Limited has acted in good faith when providing the price to the Client, STARTRADER Limited may cancel the trade with the Client but shall do so within reasonable time and shall provide the Client with a full explanation for the reason for such cancellation.
- 14.5. Following execution of any position with a Client, STARTRADER Limited may at STARTRADER Limited's reasonable discretion

subsequently offset each such client position with another client position, or a position with one of STARTRADER Limited's Counterparties or retain a proprietary position in the market with the intention to obtain trading profits from such positions. Such decisions and actions may therefore result in STARTRADER Limited off-setting client positions at prices different (sometimes significantly different) from prices quoted to clients, resulting in trading profits or losses for STARTRADER Limited. This in turn can raise the possibility of the Client incurring what may be seen as an implied cost (i.e. the difference between the price at which the Client traded with STARTRADER Limited and the price at which STARTRADER Limited subsequently traded with Counterparties and/or other clients) due to any profits realized by STARTRADER Limited as a result of the Market Making function. However, the Market Making function may involve significant costs to STARTRADER Limited if the market moves against STARTRADER Limited as compared to the price at which STARTRADER Limited traded with the Client.

- 14.6. The Client accepts that STARTRADER Limited in such markets where STARTRADER Limited acts as Market Maker, may hold positions that are contrary to positions of the Client, resulting in potential conflicts of interest between STARTRADER Limited and the Client, cf. Clause 16.
- 14.7. In markets, where STARTRADER Limited acts as a Market Maker, the Client accepts that STARTRADER Limited has no obligation to quote prices to clients at all times in any given market, nor to quote such prices to clients with a specific maximum spread.
- 14.8. In markets, where STARTRADER Limited acts as a Market Maker, STARTRADER Limited may or may not charge commissions. However, irrespective of whether or not STARTRADER Limited charges any commissions, the Client accepts that STARTRADER Limited will seek to make additional profits out of its performance as a Market Maker and the size of any such profits may be considerable

if and when compared with the Client's margin deposit.

- 14.9. The Client acknowledges, recognizes and accepts that the price quoted to the Client includes a spread when compared with the price to which STARTRADER Limited may have covered or expected to be able to cover the Contract in a trade with another client or a Counterparty. Furthermore, the Client acknowledges, recognizes and accepts that said spread constitutes remuneration to STARTRADER Limited and that such spread not necessarily can be calculated for all Contracts and that such spread will not be specified at the Settlement/Trade Confirmation or otherwise revealed to the Client.
- 14.10. The Client acknowledges, recognizes and accepts that STARTRADER Limited quotes variable spreads on options. The Client is specifically made aware that variable option spreads are affected by actual market conditions, which are beyond STARTRADER Limited's control. STARTRADER Limited does not guarantee any maximum or minimum quotable option spreads.
- 14.11. Any commission costs, interest charges, costs associated to and included in the spreads quoted by STARTRADER Limited as a Market Maker in certain markets and other fees and charges will consequently influence the Client's trading result and will have a negative effect on the Client's trading performance compared to a situation if such commission costs, interest charges, costs associated to and included in the spreads did not apply.
- 14.12. Whilst dealing spreads and commissions are normally considered moderate seen in relation to the value of the assets traded, such costs may be considerable when compared with the Client's margin deposit. As a consequence thereof the Client's margin deposit may be depleted by trading losses that the Client may incur and by the directly visible dealing costs such as commissions, interest charges and brokerage fees as well as the said not visible costs for the Client, caused by STARTRADER Limited's performance as a Market Maker.
- 14.13. If the Client is an active trader and is undertaking numerous

transactions, the total impact of as well visible as not visible costs may be significant. Consequently, the Client may have to obtain significant profits in the markets in order to cover the costs associated with trading activities with STARTRADER Limited. For very active Clients, such costs may over time exceed the value of the margin deposited. Normally, when trading margined derivatives, the lower the percentage of the applicable margin rate, the higher the proportion of the costs associated with executing a transaction.

- 14.14. The Client is specifically made aware that in the area of market making in foreign exchange, OTC foreign exchange options, CFD Contracts and other OTC products, significant implied costs can arise as a consequence of the profits made by STARTRADER Limited performing in its capacity as a Market Maker.
- 14.15. STARTRADER Limited's performance as a Market Maker may negatively affect the Client's Account with STARTRADER Limited and the said implied costs are neither directly visible nor directly quantifiable for the Client at any time.
- 14.16. STARTRADER Limited is at no time obliged to disclose any details of its performance or income produced as a Market Maker or otherwise related to other commissions, charges and fees.
- 14.17. The Client is specifically made aware that CFD Contracts may be OTC products quoted by STARTRADER Limited whilst operating as a Market Maker and not traded on a recognized stock exchange. As a result, the description above of the implied, not visible costs related to STARTRADER Limited's performance as a Market Maker may also apply to any CFD Contract.

15. Aggregation and Split

15.1. STARTRADER Limited is in accordance with the broker's Best Execution Policy entitled to aggregate the Client's orders with the broker's own orders, orders of any of the broker's associates and/or persons connected with STARTRADER Limited including employees and other clients. Furthermore, STARTRADER Limited may split the Client's orders when executing these. The orders will only be aggregated or split if STARTRADER Limited reasonably believes it to be in the best interest of the Client. On some occasion's aggregation and split of the Client's order may result in the Client obtaining a less favorable price than if the Client's orders had been executed respectively separately or mutually.

16. Conflicts Of Interest

16.1. STARTRADER Limited, its associates or other persons or companies connected with STARTRADER Limited may have an interest, relationship or arrangement that is material in relation to any transaction or Contract effected, or advice provided by STARTRADER Limited, under this Agreement. By accepting this Agreement and STARTRADER Limited's Conflict of Interest Policy (which distinctly describes the general character and/or background of any conflict of interest) the Client agrees that STARTRADER Limited may transact such business without prior reference to any potential specific conflict of interest.

17. STARTRADER Limited's Counterparties

17.1. In order to give effect to the Client's instructions, STARTRADER Limited may instruct a Counterparty selected at STARTRADER Limited's discretion and STARTRADER Limited shall do so where the transaction is to be subject to the rules of an exchange or market of which STARTRADER Limited a member is not.

17.2. STARTRADER Limited shall not be responsible for errors committed by such Counterparties unless it is proven that STARTRADER Limited has not acted with sufficient care when selecting the Counterparty.

18. Introducing Brokers

- 18.1. The Client may have been referred to STARTRADER Limited by an Introducing Broker. If so, STARTRADER Limited shall not be responsible for any agreement made between the Client and the Client's Introducing Broker. The Client acknowledges that any such Introducing Broker will either be acting as an independent intermediary or an Agent for the Client and that no such Introducing Broker shall be authorized to make any representations concerning STARTRADER Limited or STARTRADER Limited's Services.
- 18.2. The Client is specifically made aware that the Client's agreement with its Introducing Broker may result in additional costs as STARTRADER Limited may pay fees or commission to such person.
- 18.3. The Client is also specifically made aware that the Client's agreement with its Introducing Broker may result in additional costs for the client because the Introducing Broker can deduct commissions and fees as well as price or interest/financing rate adjustments for any trade conducted on or allocated to the Client's account either by the Introducing Broker or the Client.
- 18.4. If the Introducing Broker undertakes any deductions from the Client's Trading Account according to any agreement between the Client and the Introducing Broker, STARTRADER Limited has no responsibility as to the existence or validity of such an agreement.
- 18.5. STARTRADER Limited shall have no responsibility or liability to the Client in following the instructions given by the Introducing Broker. STARTRADER Limited is under no obligation to supervise or otherwise know or review the payment instructions or any other acts, including but not limited to the trading, of the Introducing Broker.
- 18.6. The client acknowledges and accepts that frequent transactions may result in a sum total of commissions, fees, price or interest/financing rate adjustments for trades conducted that may be substantial and not necessarily be offset by the net profits, if any, achieved from the

relevant trades. The responsibility for correctly assessing whether the size of the total commissions, fees, price or interest/financing rate adjustments for trades conducted paid from the Client's account makes trading commercially viable, is the combined responsibility of the Client and the Introducing Broker. STARTRADER Limited only acts as the custodian and principal broker, and therefore is not responsible for the size of the commissions and fees as well as price or interest rate paid by the Client.

- 18.7. Any commissions, fees, price or interest/financing rate adjustments for trades conducted may be shared between the Introducing Broker, STARTRADER Limited and third parties according to the Introducing Broker's written instructions and/or at STARTRADER Limited's discretion.

19. Default and Default Remedies

- 19.1. The provisions contained in this Clause supplement any other rights that STARTRADER Limited or any of its associates have according to this Agreement, including but not limited to the Pledge Agreement referred to in Clause 12, and furthermore any other rights STARTRADER Limited has.
- 19.2. STARTRADER Limited reserves the right to retain, or make deductions from, any amounts which STARTRADER Limited owes to or is holding for the Client if any amounts are due from the Client to STARTRADER Limited or STARTRADER Limited's associates.
- 19.3. - 28.3. If the Client's combined exposure in one or more margin trades reaches a level which - in case of an adverse market development - may lead to a significant deficit not covered by the Client's deposits and/or margin with STARTRADER Limited, STARTRADER Limited may in its reasonable discretion

 - ii Reduce the Client's exposure by closing one or more or all of the client's open positions.

The original English versions shall be the only legally binding versions for the Client and STARTRADER Limited. In case of discrepancies between the English version and other translations in the Client's possession, the original English version provided by STARTRADER Limited on the website shall prevail.

29. Risk Disclosure Statement for Trades in Foreign Exchange and Derivatives

This brief statement, which constitutes an addition to this Agreement, does not disclose all of the risks and other significant aspects of trading foreign exchange and derivatives. In consideration of the risks, you should enter into transactions with the mentioned products only if you understand the nature of the contracts and the contractual legal relationship into which you are entering and the extent of your exposure to risk. Transactions in foreign exchange and derivatives are not suitable for many members of the public. You should carefully consider whether transacting is appropriate for you in light of your experience, objectives, financial resources and other relevant circumstances.

Appendix 1

1. Foreign Exchange and Derivatives

1.1 Effect of "Leverage" or "Gearing"

Transactions in foreign exchange and derivatives carry a high degree of risk. The amount of initial margin may be small relative to the value of the foreign exchange or derivatives contract so that transactions are "leveraged" or "geared". A relatively small market movement will have a proportionately larger impact on the funds you have deposited or will have to deposit; this may work against you as well as for you. You may sustain a total loss of initial margin funds and any additional funds deposited with STARTRADER Limited to maintain your position. If the market moves against your position and/or margin requirements are increased, you may be called upon to deposit additional funds on short notice to maintain your position. Failing to comply with a request for a deposit of additional funds, may result in closure of your position(s) by STARTRADER Limited on your behalf and you will be liable for any resulting loss or deficit.

1.2 Risk-reducing Orders or Strategies

The placing of certain orders (e.g. "stop-loss" orders, where permitted under local law, or "stop-limit" orders), which are intended to limit losses to certain amounts, may not be adequate given that markets conditions make it impossible to execute such orders, e.g. due to illiquidity in the market. Strategies using combinations of positions, such as "spread" and "straddle" positions may be as risky as taking simple "long" or "short" positions.

2. Options

2.1. Variable Degree of Risk

Transactions in options carry a high degree of risk. Purchasers and sellers of options should familiarize themselves with the type of option (i.e., put or call) which they contemplate trading and the associated risks. You should calculate the extent to which the value of the options must increase for your position to become profitable, taking into account the premium and all transaction costs. The purchaser of options may offset or exercise the options or allow the option to expire. The exercise of an option results either

in a cash settlement or in the purchaser acquiring or delivering the underlying interest. If the option is on a future, the purchaser will acquire a futures position with associated liabilities for margin (see the section on Futures above). If the purchased option is out-of-the-money when it expires, you will suffer a total loss of your investment, which will consist of the option premium plus transaction costs. If you are contemplating purchasing out-of-the-money options, you should be aware that the chance of such options becoming profitable ordinarily is remote.

Selling ("writing" or "granting") an option generally entails considerably greater risk than purchasing options. Although the premium received by the seller is fixed, the seller may sustain a loss well in excess of that amount. The seller will be liable for additional margin to maintain the position if the market moves unfavorably. The seller will also be exposed to the risk of the purchaser exercising the option and the seller will be obligated to either settle the option in cash or to acquire or deliver the underlying interest. If the option is on a future, the seller will acquire a position in a future with associated liabilities for margin (see the section on Futures above). If the option is "covered" by the seller holding a corresponding position in the underlying asset, in a future or in another option, the risk may be reduced. In case the option is not covered, the risk of loss can be unlimited.

Certain exchanges in some jurisdictions permit deferred payment of the option premium, exposing the purchaser to liability for margin payments not exceeding the amount of the premium. The purchaser is still subject to the risk of losing the premium and transaction costs. When the option is exercised or expires, the purchaser is responsible for any unpaid premium outstanding at that time.

3. Additional Risks Common to Foreign Exchange and Derivative Transactions

3.1. Terms and Conditions of Contracts

You should ask the firm with which you deal about the terms and conditions of the Contracts entered into and information on associated obligations (e.g. the circumstances under which you may become obligated to make or take delivery of the underlying interest of a futures contract and, in respect of options, expiration dates and restrictions on the time for exercise). Under certain circumstances the specifications of outstanding

contracts (including the exercise price of an option) may be modified by the exchange or clearing house to reflect changes in the underlying interest.

3.2. Suspension or Restriction of Trading and Pricing Relationships

Market condition (e.g. illiquidity) and/or the operation of the rules of certain markets (e.g., the suspension of trading in any contract or contract month because of price limits or "circuit breakers") may increase the risk of loss by making it difficult or impossible to effect transactions or close/ offset positions. If you have sold options, this may increase the risk of loss.

Normal pricing relationships between the underlying asset and a derivative do not always exist. The absence of an underlying reference price may make it difficult to judge "fair" value.

3.3. Deposited Cash and Property

You should familiarize yourself with the protections accorded the Security you deposit by way of money or other assets in domestic and foreign transactions, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or other assets is governed by the legislation and local rules in the country at which location the counterparty acts.

3.4. Commission and Other Charges

Before you begin to trade, you should obtain a clear explanation of all commission, fees and other charges for which you will be liable. These charges will affect your net profit or loss.

3.5. Transactions in Other Jurisdictions

Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose you to additional risk. Such markets may be subject to regulation, which may offer different or diminished investor protection. Your local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where your transactions have been effected.

3.6. Currency Risks

The profit or loss in transactions in foreign currency-denominated contracts in another currency than your account currency will be affected by fluctuations in currency rates where there is a need to convert from the currency denomination of the contract to the account currency.

3.7. Trading Facilities

Most open-outcry and electronic trading facilities are supported by computer-based component systems for the order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. Your ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the clearing house and/or member firms. Such limits may vary: you should ask the firm with which you deal for details in this respect.

3.8. Electronic Trading

Trading on an electronic trading system may differ not only from trading in an open-outcry market but also from trading on other electronic trading systems. If you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your order is either not executed according to your instructions, is not executed at all and a lack of capability to keep you informed continuously about your positions and fulfillment of the margin requirements.

3.9. Off-Exchange Transactions

In some jurisdictions firms are permitted to effect off-exchange transactions. The firm with which you deal may be acting as your counterpart to the transaction. It may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such transactions, you should familiarize yourself with applicable rules and attendant risks.

Appendix 2: Corporate Action and Adjustment Events

1. Corporate action is any action or event whether temporary or otherwise, in relation to an underlying asset of a Product, or in relation to the issuer of an underlying asset, which would have an effect on the value, legal characteristics or ability to trade the underlying asset or a financial derivative based on or referencing such underlying instrument.
2. A Corporate Action or Adjustment event may occur in relation to the underlying asset of a Product. If any instrument becomes subject to a Corporate Action (dividend included), STARTRADER Limited will determine appropriate actions (in our reasonable opinion) to:
 - a. Replicate this in clients' Order of CFD trade
 - b. Reflect any action taken by counterparties to trades in respect of such underlying assets of the Product that STARTRADER Limited has entered into in order to hedge or offset its exposure to Clients.
 - c. Preserve the economic equivalent of clients' Order or CFD trade immediately prior to the Corporate Action or Adjustment Event, which may have consequences on clients' CFD trade.

STARTRADER Limited will give notice of any applicable action to clients, that the company decides to take as soon as reasonably practical, which for the avoidance of doubt may be after the relevant Corporate Action or Adjustment Event or after the relevant action which the Company may take in its discretion under this paragraph.

- a. Corporate Actions that STARTRADER will act on Mandatory Corporate Actions only including, but not limited to cash dividend, stock dividend, stock split and reverse stock split.
 - b. STARTRADER does not offer services to process any Complex Mandatory or Voluntary Corporate Action.
